

Lever Block GLG Non-Free Wheel

Product information

The Global Free Wheel Lever Block uses the latest technology to ensure a higher quality design, operator safety and longer service life. This is a non-free wheeling lever block suitable for tandem lifting.

- Suitable for applications in the mining, construction, transport and automotive industry.
- "T"-type latch for improved load holding integrity (except for the 250kg capacity)
- New design double pawl safety spring to eliminate sticking
- New style cast hand wheel for added strength and durability
- Encapsulated bearings and side plate bearings for smoother operation
- Key internal components are machined before being heat-treated and toughened
- No aluminum content which ensures suitability for mining applications
- Overall better design and improved finish to prolong life expectancy

Part Code	WLL ton	Lifting height m	A mm	B mm	C mm	E mm	H mm	Weight (kg)
