

Spanset ERGO Fixed Lanyard - Twin

Product information

Fall Arrest, energy absorbing lanyards with steel fittings.

ERGO energy absorbing lanyards are designed to minimise the forces endured by an operator should a fall occur. All SpanSet lanyards feature back up straps should the tear web be fully deployed. With heavy duty, alloy steel, corrosion resistant components and high tenacity polyester webbing they offer outstanding safety and value to this range.

- Heavy duty alloy steel fittings
- Tear web energy absorber
- High tensile contrasted stitching
- Polyester webbing

Material: Polyester, Alloy Steel
