

Miner's Harness Underground Duraclean

Product information

The Miller Underground Miner's harness is a full body harness incorporating a prospector belt with tool loops, stainless steel hardware and aluminium quick connect buckles.

Features

- Rear fall arrest d-ring and d-ring extension.
 - Floating frontal fall arrest d-ring.
 - Fully adjustable leg straps.
 - Aluminium quick connect buckles on the waist and leg straps.
 - Prospector Belt incorporating removable battery and self rescuer strap.
 - Equipped with confined space loops.
 - Wider back pad offering greater back support and stability.
 - Equipped with a label pack housing all relevant harness information including donning instructions, connecting instructions and inspection grid. The label pack is also equipped with an oversized pull-free lanyard ring enabling the user to temporarily park the lanyard.
 - Manufactured from polyester webbing, the Duraclean webbing is treated with Rucostar E coating which forms an invisible protective sleeve around the webbing preventing water, oil or dirt from being absorbed into the webbing.
- Duraclean special webbing with water and oil resistant properties offers many advantages over standard products including good abrasion resistance in comparison to standard polyester webbing.

Material: Duraclean Webbing, Aluminium

Rear / dorsal D-ring

Chest anchoring
