

Brake Winch Pacific

Product information

The Pacific Brake Winches are compact, lightweight and a cost-effective solution for a variety of applications. They can be used for both pulling and lifting purposes. They can be supplied with a powder-coated or in stainless steel, depending on your application.

Features:

- Positive Weston-style brake will hold the load in any position.
- Compact, lightweight and rugged construction.
- Mechanical components enclosed for protection and safety.
- Available with a powder-coated.

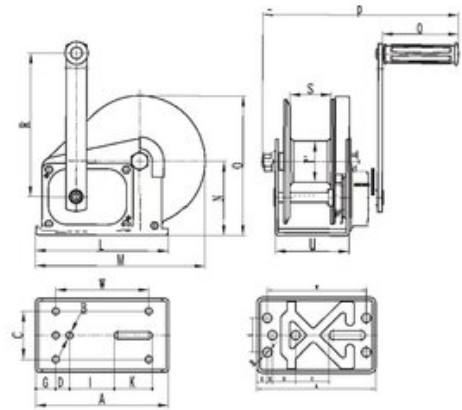

Material: Steel

Finish: Powder coated

Note: Wire rope must be ordered separately
