

Electric Chain Hoist Hitachi L-series

Product information

L series chain hoist offers high levels of machine durability and safety to ensure the performance of your hoisting operations.

- The load rating is 40% ED which is a significant improvement over other previous models.
- The new hook allows for easy slinging work with the wide hook dimension.
- The new chain container next to the main body of the hoist prevents unnecessary movement of the chain container and Lower hook doesn't touch the chain container.
- The new Hook Latch has a claw. The claw grips on to the hook securely.

WLL ton	Model	Operation voltage (V)	Lifting speed m/min.
0.25	1/4L (H)	415-3	10
0.25	1/4LN (H)	415-3	10/2.5
0.25	1/4LS (H)	240-1	5
0.5	1/2L (H)	415-3	7.2
0.5	1/2LN (H)	415-3	7.2/1.8
0.5	1/2LS (H)	240-1	3.6
