

Double Energy Absorbing Lanyard Miller® with 19mm Hook Ends

Product information

NO PICTURE

Double webbing lanyards enable access to different areas of a building or tower without being disconnected, and are the perfect way to be connected to an anchorage point at all times.

- Features an external energy absorber which allows for visual indication of a sustained fall.
- 19mm hook all legs.
- For use in fall arrest situations where the free fall does not exceed 2 metres.
- When estimating free fall distances, the extension of the energy absorber must be taken into consideration. The maximum energy absorber deployment is 1.75 metres.

Material: Polyester Webbing

Part Code	Length m	Weight (kg)
821100122040	1.2	1.6
