

Tie-Off Adaptor Dee Reversed Eye Honeywell

Product information

The Dee Reversed Eye Tie-Off Adaptor is a great way to quickly and easily set up a temporary anchorage for connection by a lanyard or fall arrest device. Light-weight and easy to transport, these tie off adaptors range from a simple webbing loop to a wire tie off for specific applications. All tie off adaptors are suitable for single person fall arrest applications.

- Anchorage strap with d-ring one end and reversed eye on other
- Protective sleeve prevents wear on webbing
- Easy attachment to d-ring by lanyard or anchorage line
