

Tiger Rope (PP/PE) 8-Strand

Product information

Tiger Mooring lines are made from a blend of compatible Polyethylene (PE) and Polypropylene (PP) fibres, specially processed to combine the key features of each individual fibre to produce a multiplait shipping rope with great strength and abrasion characteristics. 8 strand Tiger Ropes are Yellow and Black.

Features:

- Abrasion resistance
- High strength to weight ratio
- Shock load resistant
- UV resistant with excellent weathering properties
- Excellent splicing
- Not affected by water
- Floats on water
- Kink resistance
- Distinctive colours

Material: Polypropylene/ Polyethylene

| Part Code | Diameter mm | Min. breaking force kN | Length | Rope ends |
|-----------------|----------------|---------------------------|--------|------------------|
| 300802402200351 | 24 | 100 | 220 | Eye in both ends |
| 300803202200351 | 32 | 170 | 220 | Eye in both ends |
| 300804002200351 | 40 | 274 | 220 | Eye in both ends |
| 300804802200351 | 48 | 387 | 220 | Eye in both ends |
| 300805602200351 | 56 | 509 | 220 | Eye in both ends |
| 300806402200351 | 64 | 662 | 220 | Eye in both ends |
| 300807202200351 | 72 | 828 | 220 | Eye in both ends |
| 300808002200351 | 80 | 1,019 | 220 | Eye in both ends |
